Folks,

You may have heard about a pollinator summit that EPA and USDA are facilitating on 5 March in Arlington, VA. The purpose of the summit is to provide an opportunity to share information on current work related to planter dust, seed treatments and BMPs. We will host a conference call and explain the purpose and approach being taken at the summit. The website announcing the summit is [http://www.epa.gov/oppfead1/cb/csb\\_page/updates/2013/pollin-summit.html](http://www.epa.gov/oppfead1/cb/csb_page/updates/2013/pollin-summit.html)

I am proposing Tuesday, 19 February at 4:30 pm Eastern time. The call in number is [REDACTED], the conference code is [REDACTED]. Please respond to this note and let me know if you will be able to participate.

Thanks,

Don Brady
